Saidharanee Konka

(+91) 8978518249 | saidharanee123@gmail.com | LinkedIn | GitHub | Nellore, Andhra Pradesh, India

Summary

Motivated Computer Science student with hands-on experience in full stack development and strong foundations in programming and data analysis. Skilled in Python, Java, web technologies, and collaborative development practices. Seeking opportunities to contribute technical and problem-solving skills in a professional environment.

Education

Sri Padmavati Women's Degree and PG College — Aug 2023 – Present
Degree · BSCH Computer Science · Tirupati — 8.5 / 10

SREE CHAITANYA JUNIOR COLLEGE — Jun 2021 - Apr 2023
12th · Andhra Pradesh Board of Intermediate Education · Andhra Pradesh — 974 / 1000

CITY E.M. HIGH SCHOOL — Jun 2020 - Mar 2021
10th · Andhra Pradesh Board of Secondary Education · Andhra Pradesh — 10 / 10

Skills

Technical Skills: Java, Python, HTML, CSS, JavaScript.

Framework & Libraries: NumPy, Pandas, Matplotlib, Scikit-learn.

Data and Analytic Tools: Excel, SQL, Power BI, Tableau.

Developer Tools: VS Code, Git, GitHub.

Soft Skills: Problem-Solving, Communication Skills.

Projects

Big Data Analysis Using PySpark

- Analyzed a **large-scale sales dataset with 1,000,000 records** using **PySpark** for distributed data processing.
- Programmatically generated the dataset and performed schema inference and transformations using **Spark DataFrames**.
- Applied aggregations and grouping to identify top-selling and most frequently ordered products, **with** Laptop and Mobile generating higher sales.
- Observed variation in average order value across countries, demonstrating Apache Spark's **scalability and efficiency** in big data analysis. (Live Project)

Predictive Analytics for Student Academic Performance

- Built a predictive analytics model using **Logistic Regression** to classify student pass/fail outcomes based on study hours.
- Performed data preprocessing, feature selection, and train-test split using **Pandas** and **Scikit-learn**.
- Evaluated model performance using accuracy score, confusion matrix, and classification report.
- Visualized classification results using **Matplotlib** to analyze the relationship between study hours and academic performance. (Live Project)

Internship Experience

Web Technologies Intern | NIIT Foundation May - July 2025

- Completed hands-on training in front-end web development using HTML, CSS, and basic JavaScript.
- Designed and developed responsive web pages with a focus on layout, styling, and user experience.
- Built a Netflix Clone project using HTML and CSS, replicating core UI components such as the homepage layout, navigation bar, and content sections.
- Applied best practices in clean code, responsive design, and cross-browser compatibility.
- Collaborated with mentors to understand real-world web development workflows and project structure.

Full Stack Developer Intern | Spark Info Solutions Jan 2026 - Present

- Working on end-to-end web development, including UI design, backend logic, and database integration.
- Gaining hands-on experience in building responsive applications and optimizing performance.
- Assisting in deploying and maintaining web applications while following clean code and modular design principles.

Certifications

- **AI Beginners Guide |** Simplilearn June 2025
  Gained foundational knowledge of artificial intelligence concepts, applications, and real-world use cases.
- **Google AI Essentials |** Google Aug 2025
  Developed practical knowledge of AI tools, responsible AI usage, and applying generative AI to improve productivity and problem-solving.
- **Employability Skills |** Tech Mahindra Sep 2025
  Improved professional skills including communication, teamwork, workplace ethics, and interview readiness.
- **Oracle Cloud Infrastructure DevOps Professional |** Oracle Oct 2025
  Acquired hands-on knowledge of CI/CD pipelines, automation, and DevOps practices on Oracle Cloud Infrastructure.
- **Data Science Foundation |** Great Learning Feb 2026
  Gained foundational knowledge in data science concepts, including data analysis, statistics, and basic machine learning principles.

Scholarships

National Scholarship Portal
Government

Awarded scholarship through the National Service Portal in recognition of academic performance and eligibility criteria. Demonstrates dedication to education and commitment to personal and professional growth.

Languages

English [Professional Working Proficiency], TELUGU [Native Proficiency], HINDI [Limited Working Proficiency]
